

# OETIKER

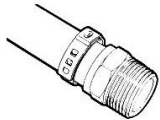

## Beverage Clamp Kit Item No. 18500075

An OETIKER Stepless® Ear Clamp provides a guaranteed 360° closure on any style of Beverage tubing. "Stepless" means that there are no steps or gaps on the inner circumference of the clamp. This is achieved through a patented tongue and groove design. These clamps seal soft neoprene tubing as well as stiff synthetic hose.

### Clamp Features

- 360° Stepless® design (no step or gaps on inner circumference)
- Narrow band, concentrated seal compression
- Smooth edged band steel prevents damage to hose
- Light weight
- Tamper detectable design

### HOW TO APPLY CLAMPS:

Position clamp on hose as illustrated.

Give ear a firm squeeze with your OETIKER pincers.

Where access to ear is difficult, use OETIKER Side Jaw Pincers Model 1099 (Item No. 14100083)

### HOW TO REMOVE CLAMPS:

Either pry band end open with screwdriver as shown...

...or grip band end and pull over ear as shown.

## CLAMP KITS PRODUCT GROUP 185

## Beverage Clamp Kit Item No. 18500075 (kit contents as shown in above photo)

<u>Item No.</u>	<u>Description</u>	<u>Qty.</u>
16700985	8.7 mm (11/32")	50
16700988	10.5 mm (13/32")	50
16700989	11.3 mm ( 7/16")	50
16700993	13.3 mm ( 1/2")	50
